**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Applicants submit herewith a copies of several U.S. Patents, one U.K. and one German patent application of which the applicants are aware, and which may be material to the examination of this application and in respect of which there may be a duty to disclose under 37 CFR 1.56.

The filing of this Supplemental Information Disclosure Statement shall not be construed as a representation that a search has been made (37 CFR 1.97(g), an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this Supplemental Information Disclosure Statement shall not be construed as an admission against interest in any manner. Notice of January 9, 1992, 1135 O.G. 13-25, at 25.

A copy of a Search Report issued by the European Patent Office corresponding European Search Request No. RS 107849DE is also enclosed herewith.

The above references were cited in the search report in corresponding European Search Request No. 107849DE. The references cited in the EPO Search Report were each identified in category "A", for technological background interest for most claims.

Additional references enclosed herewith have been cited in the co-pending parent application, Ser. No. 09/875,733, both in an office Action and in a Supplemental Information Disclosure Statement. Copies of these patents are not enclosed in accordance with 37 C.F.R. §1.98(d) and MPEP § 609, p. 600-121. However, a copy of the Form 1449 has been enclosed for the Examiner to indicate his consideration of the cited references.

No representation is made or intended as to the adequacy of any search applicants or others may have performed or that more pertinent art is not available. Without any assertion of prior art effect, the documents on the attached List of Documents are cited by applicants for the Examiner who may consider these documents material to the examination of this application.

The references submitted herewith are listed on PTO-Form 1449 (modified) attached hereto. A copy of each reference or patent listed is being furnished.

Additional comments, if any, on the relevance of each reference listed are provided as follows:

No translation of the German Patent DF 1033123 is readily available.

The Statement is made on the basis of the information reported in the European Search Report.

Respectfully submitted,

Mar. 8, 2002
